FREIGHT TRAIN WRECKED.

A Brakeman Killed, Track Torn Up and Trains Delayed.

The early morning freight train which passes through here over the L. & N. railroad was wrecked Tuesday morning, near Yarnallton Station, and a brakeman by the name of Adam Groehr was killed. The accident was caused by an axle of one of the cars breaking, which resulted in the track being torn up for a considerable distance and two cars being smashed to pieces. Groehr was on top of one of the cars and was so badly injured that he died in twenty minutes. Passengers on the morning trains had to be transferred at the wreck, but by the middle of the afternoon the track was cleared and trains were running through again. The brakeman who was killed was a married man and lived in Louisville. He leaves a widow and one child.

The Kentucky Conference.

The Kentucky Conference will hold its seventy-fourth annual session in this city, Sept. 12th, 1894. There will be about two hundred ministers and laymen present. Bishop W. W. Duncan, of South Carolina, will preside. Besides the Bishop, a number of other distinguished visitors will be in attendance. Among them, Dr. E. E. Hoss, editor of the Christian Advocate, the central organ of the M. E. Church South, Dr. Morrison, Missionary Secretary, Dr. Steele, editor of the Epworth Advocate, Dr. Tigert, editor of the Quarterly Review, Dr. Barbee, Business Manager of the Publishing house, Dr. Smith, Educational Secretary and Dr. Kirkland, editor of the Sunday-school periodicals. These are all eloquent preachers and will be heard during the session of the Conference.

It is customary in cities where the Conference is held for members of the other churches to kindly assist in entertaining the large delegation.

The ROUNDABOUT is requested by Rev. H. G. Henderson, the pastor of the Methodist Church, and the committee on entertainment, Mrs. Russell Rodman, Mrs. J. E. Miles, Mrs. Julia Thompson and Messrs. Geo. L. Payne, T. P. Rogers and E. O. Leigh, to say through its columns that the canvass for homes for the delegates will be begun in a very short time, and the pastor and committee will consider it a favor if those of the sister denominations, who can conveniently entertain some of the visitors will promptly indicate to any member of the committee the number they can take.

This work is undertaken rather early in order that friends who will be absent from the city during

the summer may have an opportunity to attend to this matter before leaving. The names of the ministers and the houses assigned them will be published in the ROUNDABOUT when the list is completed.

This promises to be a session of unusual interest. It being Bishop Duncan's first visit to the Kentucky Conference, his coming is looked forward to with more than ordinary pleasure.

Prof. Fogg, the Cornetist, will conduct the music. All the services will be public and a delightful occasion is anticipated.

This will terminate Mr. Henderson's work as pastor in this city by virtue of the four years' limit. It will be gratifying to him to have the close of his pastorate crowned with a royal entertainment of the Conference, so he calls upon the Christian people of Frankfort to support him in extending the proverbial Kentucky hospitality to the distinguished body. It is a singular coincidence that the last session of the Conference was held in this city during the pastorate of Dr. H. A. M. Henderson twenty-six years ago.

Wm. H. Wheeler.

A prominent contractor and builder, of Adams, N. Y., was a great smoker for years. He liked his cigar but did not like the serious throat trouble that began to come upon him in the shape of a bunch or growth. As he expressed it he was afraid he was going to have a Grant throat. At this stage he began using Dr. Hale's Household Ointment, applying it directly to the bunch, made his throat several times each day. A few weeks of this treatment entirely cured the bad throat and Mr. Wheeler states that it worked a most wonderful cure in his case and that he regards Dr. Hale's Household Ointment as the greatest medicine of the 19th century. It cures all inflammation, 25c. and 50c. boxes at P. H. CARPENTER'S drug store.

Coming North.

Mr. C. M. Berryman, who has been in the grocery business on Bridge street, South Frankfort, for several years, has rented the storeroom of Messrs. Nicol Bros., next door to the confectionery of Mr. John R. Todd, on St. Clair street, and will remove his stock into it next week. The room is now being fitted up for his occupancy.

Cultivating His Voice.

Mr. Tom Brislan, of this city, who is temporarily in business in St. Louis, is putting in his spare time attending the college of music in that city and improving his already fine tenor voice.

The Ladies.

The pleasant effect and perfect safety with which ladies may use the California liquid laxative, Syrup of Figs, under all conditions, make it their favorite remedy. To get the true and genuine article, look for the name of the California Fig Syrup Co., printed near the bottom of the package.

CAUGHT BY JERRY.

A Frankfort Boy Captures a Couple of Murderers.

On the 10th of May several members of a family by the name of Meeks were murdered near Browning, Missouri, by two brothers named Taylor, one of them a banker and the other a farmer, who have since been fugitives from justice, with a reward aggregating \$8,000 offered for their arrest hanging over their heads. On Saturday they were overhauled at Buffalo City, Ark., by Hon. Jerry South, formerly of this city but now a resident of Arkansas, and taken back to Missouri for trial.

Jerry's experience with criminals during the time his grandfather and father were lessees of the penitentiary in this city renders him a good man for the business of capturing murderers and other violators of the law, being a brave and fearless young fellow, and we trust he will receive every cent of the money offered for the apprehension of the Taylors.

It's a Mistake

To neglect caring for a cough or cold. Every time you cough you increase the trouble and soon an inflammation is started that in a short time is difficult to control. Dr. Hale's Household Cough Cure has such a magic effect upon a cough, allaying all irritation so quickly, that every person in the land should always have a bottle of this wonderful medicine on hand to begin taking at once upon the first appearance of a cold. It costs only 25c and 50c a bottle at P. H. CARPENTER'S drug store.

"WHAT THE

People want," said the Ohio orator in a loud tone, "is to see at the head of the Government—a statesman—a Washington—a Father of his Country." "Yes," replied a voice, "somebody that will support us." That may be the want up in Ohio but it is not the case down here to Kentuckians. It does not matter much what the

SENATE

Or the President does, so long as we give good values and sell the right kind of goods at the right prices and everybody knows that has bought at our store we

Within twenty-four hours I was out of bed and doing my house work. Mrs. W. L. DUNAGAN, Bonanza, Hickman Co., Tenn. For sale by PHIL. CARPENTER, South Side Druggist.

Killed by a Guard.

A negro convict by the name of Henry Holladay, employed in the chair factory at the penitentiary, left his work Thursday afternoon and went out into the yard. After he had staid a reasonable time Mr. Thos. F. Tanner, one of the guards, ordered him to return, but the negro refused to do so. Tanner then told him if he did not he would lock him up in the cell house, which the negro defied him to do, and approaching the guard attempted to take his pistol from him. Tanner shoved him off and warned him to keep away as he did not wish to shoot him, but Holladay picked up a piece of wood and again advanced upon the guard, doubtless with the intention of clubbing him, when Tanner, after again telling him to keep away, to which warning the negro paid no heed, fired, the ball striking the negro in the right breast and coming out under the shoulder blade, killing him instantly.

Coroner Dehoney was notified, and summoning a jury held an inquest over the remains. After hearing all the evidence the jury returned a verdict to the effect that Holladay came to his death

from a pistol shot wound, the pistol being in the hands of Thos. F. Tanner, who fired said shot in defense of his person and the discharge of his duty.

Holladay had served a former term in the penitentiary, was sent up from Covington this last time for malicious shooting, and was considered one of the worst men in the pen.

The readers of the BOUNDARY will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers, that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

AGAINST THE SHAKERS.

Judge Barr Renders a Decision in an Important Case.

Judge Barr, of the United States District Court, on Thursday filed with Mr. W. J. Chinn, the clerk of the court in this city, an opinion in the case of Oliver Watson vs. The Society of Shakers which has been pending in the court for some time. It seems that Watson, who lives at Fredericksburg, Virginia, holds a note for \$10,000 executed by the Society of Shakers at Pleasant Hill, Mercer county, which he attempted to collect when the Shakers refused to pay it, claiming that the note was a forgery and without consideration. Judge Barr, in his opinion, holds that the note is genuine and gives judgment for the full amount, with eight years' interest. He also orders that the Society be given six months in which to pay the judgment, holding that as individuals the Shakers own no property but as a Society they do, and in case the judgment is not satisfied within the specified time the property of the Society is to be sold to pay the debt. The Shakers will probably appeal the case.

Saved the Sheep.

Mr. Robert Averill drove in a lot of lambs from his father's place on the Lawrenceburg pike Thursday morning to be shipped, and took them around the Boulevard road to the L. & N. stock pens in Bellepoint. In passing the mouth of Devil's Hollow he let them go down to the river for water, but instead of drinking one of the lambs started to swim the river, when Mr. Averill threw off his coat and vest and started to ride in and turn it back, but while in deep water his horse, which was very tired gave out and sank under him. He immediately rolled out of the saddle, swam for the lamb and brought it ashore. Relieved of his weight, the horse got back to the bank all right. It was warm enough to make Mr. Averill enjoy his bath but he was afraid for a time that the combined weight of his clothes and lamb was going to carry him under.

Base Ball.

WE BEAT PARIS.

The game at Paris last Friday was won by the Frankfort club. Merchant and VanDerveer pitched and Wicks Lindsey caught for our boys, who did not have their full team in the field, but that didn't seem to make any difference in the result. The following score is clipped from the Bourbon News, the Frankfort scorer being unable to accompany the team:

Innings . . . 1 2 3 4 5 6 7 8 9-T.
Paris 1 0 0 1 0 0 0 0-2

The Frankforts won a rather long drawn out game from the Fred Nicelys, of Louisville, on Saturday afternoon. McChord, a young man from Lakeland, who throws with his left hand, wanted a trial in the box and proved a pretty tough customer for the first four innings, when the locals having secured a big lead he seemed to ease up and allowed the Nicelys to bunch a few hits, which, with some careless fielding on the part of the home team gave them their seven scores. At no time were the visitors in the game, however.

THE LEGION DONE UP.

The Louisville Legion Club came up Wednesday and played a game with the Frankforts at Thorn Hill Park. The visitors were a good natured, gentlemanly set of fellows, but were not in it from start to finish, as the locals took a big lead the first time they came to the bat and the game was never close enough after that to be interesting—being slow and draggy. The feature of the game was Swango's

Our home battery, VanDerveer and Lindsey, officiated and the score shows how well they did their work.

Stay at Home.

Don't go away from home in search of amusement on the Fourth. Stay at home and keep cool. There will be two games of ball at the Park; go out and enjoy the fresh air as well as encourage Mr. Marshall in his endeavor to give us a first-class place of amusement. In the evening the German Benevolent Society will give a moonlight picnic in the park, and those two attractions ought to furnish enough fun for any one on a warm day. Try it one time and you will feel better satisfied when the day is over.

Forks of Elkhorn.

Regular services at Buck Run to-morrow at the usual hours. Rev. J. R. Sampey, D. D., of the Southern Baptist Seminary of Louisville will preach.

Fifty or more of our Sunday-school people took advantage of the cheap rates offered by the excursion over the K. M. R. R. last Thursday and visited the Zoological Garden in Cincinnati. The company was chaperoned by Rev. J. H. Burdin and Messrs. G. M. Brock and H. Stedman. The day being fine was enjoyed to the fullest extent by all, thereby indicating a never-to-be-forgotten oasis in the life of those so fortunate as to attend. May this be but the beginning of many such profitable and pleasant recreations.

Rev. J. R. Sampey, D. D., of Louisville, and Rev. S. C. Mitchell and family, of Georgetown, have been rusticating in our section during the past week.

The farmers have about finished harvesting their clover.

Eggs scarce, butter plentiful and blackberry cobbler's next.

Gardens being later than usual but few vegetables have yet appeared. The prospects, however, for an abundance is flattering.

Miss Lena Hertel, of Greenup, is the guest of Miss Annie South.

The farmers have finished harvesting wheat. The crop in the main is excellent, in fact the remark has been made that "Franklin county never had a better."

Owing to the dry season the tobacco crop will be rather less than usual. The excellent season this week will, however, enlarge the prospect.

The corn outlook is very encouraging, notwithstanding the backward spring.

Blackberries abundant—all other kinds of fruit, berries of different kinds excepted, and probably late apples—a failure.

Dr. R. C. French, who has been engaged in the practice of his profession at Midway during the past year, is lying quite ill at his father's home near this place. Bro. Burdin ministered to his flocks at Bethel and Mt. Pleasant last Saturday and Sunday.

Copious showers of rain have visited our section this week causing all nature to put on new life and a spontaneous outburst of praise to go up to the Giver of all for his goodness to sinful man.

The severest storm of the season visited our section last Tuesday evening, July 3d, for the benefit of the Glee Club of this place.

Mrs. Maggie Greathouse, of Hawesville, Mrs. Samuella Sargent, of Bridgeport, and Miss Ida Crockett, of Thistleton, have been the guests of Mrs. Fannie Parrent since last report.

The mile of pike under construction, extending from the Estes toll gate to Mr. M. B. Lucas' place, is rapidly approaching completion.

SEVERELY SHOCKED.

The Experience of Several Workmen With a Trolley Wire.

Messrs. Pat. Coleman, Mike Zerr and Webb Ham, employees of Mr. Ed. Power, were engaged in putting up a conveyor pipe across Ann street from Messrs. Miles & Son's mill to their elevator Wednesday morning, and were using a wire clothes line to lower the old pipe and raise the new, when the line came in contact with the trolley wire of the street car line and a portion of the electric current was deflected and ran off on the line, shocking Webb Ham, who was standing upon the top of the bridge over the street, so badly that he came near falling to the ground. Zerr was standing upon the ground holding one end of pipe and had his hands badly burned, but Pat. Coleman, who was in the upper story of the elevator, only got enough of the current to make him think the other workmen were playing a trick on him. The wire clothes lines was burned in two in several places by the contact with the electric wire.

A President Assassinated.

M. Sardi Carnot, President of the French Republic, was assassinated by an Italian anarchist by the name of Santo in the streets of Lyons Sunday night. The carriage of the President was stopped that he might shake hands with the people who crowded the streets, when Santo jumped upon the steps of the carriage. The President extended his hand, which the assassin grasped in his left, raised the arm of the President and plunged a long dagger into his body, inflicting a wound which produced death in a short time.

The murderer was immediately arrested by the police who had great difficulty in preventing the maddened populace from tearing him to pieces.

M. Carnot was greatly beloved by the French people and his horrible death has cast a gloom over the entire nation.

Flower Service.

The Children's Song and Flower Service will be held to-morrow morning, July 1st, at the Grassy Springs Christian Church. The service is expected to be beautiful and instructive. The morning sermon will be on the "Flowers of the Bible."

Wind's Work.

The heavy wind of Tuesday afternoon tore off a portion of the roof of Miles & Son's elevator and lifted up the roof of the engine room of the mill. Shade trees were badly damaged all over the city.

Keeping at It.

Mr. W. H. Murray, Secretary of the Executive Committee of the Kentucky River Improvement, is leaving no stone unturned to advance the cause of the Kentucky river, and recently wrote a letter to the Louisville Commercial Club, asking the co-operation of that body, and received the following reply:

LOUISVILLE, KY., June 14, '94.
Hon. William H. Murray, Secretary
Executive Committee Kentucky River
Improvement, Frankfort, Ky.:

DEAR SIR—Your letter of May 18th was referred to the State Development Committee and subsequently reported to the Board of Directors, and letters urging the Kentucky Senators to secure an increase of the appropriation have been forwarded as per enclosed copy.

Very respectfully yours,
P. N. CLARKE, Pres.

June 14, 1894.

Hon. Wm. Lindsay and J. C. S. Blackburn, United States Senate, Washington, D. C.

SENATORS: The State Development Committee of the Commercial Club of Louisville, Ky., after careful investigation and consideration of the subject, has reported to the directory of the club its hearty endorsement of the request of the Executive Committee on Improvement of Kentucky River as embodied in a communication addressed to the Senators of the State of Kentucky under date of May 9, 1894, and subscribed Wm. H. Murray, secretary.

The Commercial Club, by its directors, therefore, respectfully calls your attention to the subject as bearing most particularly on the prosperity and welfare of our State and earnestly requests you to use your influence in securing an increase of the appropriation for the improvement of Kentucky river from \$100,000 (the amount heretofore recommended by the River and Harbor Committee of the House of Representatives) to \$500,000, which is the minimum amount necessary to protect the work already accomplished, and open to commerce that extensive and rich region watered by the classic stream.

Very respectfully,
Signed: P. N. CLARKE, Pres.
THOS. P. CRAIG, Sec.

Senators Lindsay and Blackburn went before the committee on Friday and made arguments in favor of an increase of the appropriation and it is hoped will succeed in securing the same.

Good Sale.

The Fleetwood yearlings which were sent to Chicago last week were sold in the great horse sale in that city Monday night and all brought good prices, averaging about \$500—the string of twelve netting \$6,000.

J. W. Fairbanks,

Postmaster at Mankato, Neb., writes us as follows: I have taken but one package of your Dr. Hale's Household Tea and it is the first medicine I have found that has done me any good. For 30 years I have been troubled with liver and kidney troubles, growing worse all the time. For the last 10 years I have not been able to do much or any work. I feel dull, sleepy and as though I could not stir. My bowels would not move oftener than once a week. After taking one package I am much better and now can take hold and work. Have a good appetite and bowels regular. For dyspepsia, constipation, all liver and kidney troubles, etc., it has no equal. Only 50c and 80c, a package at F. H. CARPENTER'S drug store, a

Good Wine.

Mr. James G. Green, of Tunnel Hill, Hardin county, but for many years a resident of this city and county, in addition to raising fine fruit on his place has commenced the manufacture of grape wine. He has sent several bottles of his make to friends in this city, who pronounce it very fine, just the thing for use in case of sickness where a mild stimulant is needed. We hope Jim finds fruit farming much more profitable than toll-gate keeping and trust that he will soon make a fortune out of the business.

Crossing the Atlantic

Usually involves sea sickness. When the waves play pitch and toss with you, strong indeed must be the stomach that can stand it without revolting. Tourists, commercial travelers, seamen, mariners, all testify that Hostetter's Stomach Bitters is the best remedy for the nausea experienced in rough weather on the water. Nervous and weakly travelers by land often suffer from something akin to this, a dizziness in the stomach, liver or bowels is so obstinate that it may not be overcome by this prompt and thorough remedy. Equally efficacious is it for chills and fever, kidney and rheumatic trouble and nervousness. Emigrants to the frontier should provide themselves with this fine medicinal safeguard against the effects of vicissitudes of climate, hardship, exposure and fatigue.

Close Up on the Fourth.

Every business house in the city should be closed on Wednesday next, the Fourth, so that proprietors and employees may take a day off, to be enjoyed as it may suit each individual. Business is not so brisk now as to require a merchant to keep his house open on that day, so close up and devote the time to pleasure. Go out and see the games of base ball or take your family to the country and spend the day in the woods, where it is cool.

Cure for Headache.

As a remedy for all forms of Headache, Electric Bitters has proved to be the very best. It effects a permanent cure and the most dreaded habitual sick headaches yield to its influence. We urge all who are afflicted to procure a bottle, and give this remedy a fair trial. In cases of habitual constipation Electric Bitters cures by giving the needed tone to the bowels, and few cases long resist the use of this medicine. Try it once. Large bottles only 50 cents at P. H. CARPENTER'S drug store.

No more profitable nor safe investment can be found than stock in the Commercial Building Association.

FRANKFORT ROUNDABOUT

FRANKFORT, JUNE 30, 1894.

Council Proceedings.

REGULAR MEETING, June 26, 1894.
All the members of the council were present except Councilmen Miles, Fortune, Sower and Williams.

The minutes of the last meeting were read and approved.

Mr. L. B. Weisenberg presented a petition asking permission to rebuild his shop, recently burned on East Main street near the arsenal. Some of the adjoining property owners objected to his building and the petition was referred to street committee.

J. F. Daily's petition for a rebate of \$50 on his coffee-house license on account of interference of his trade by the building of the new bridge was laid on the table.

A remonstrance with a long list of names attached was presented, protesting against the Council giving the Street Railway Company the right to haul freight over its lines in South Frankfort.

On motion of Councilman Pruett the petition was noted and filed.

The question as to whether Mr. John L. Scott shall pay taxes on his property was referred to finance committee. It is probable that the city and Mr. Scott will submit an agreed case to Judge Cantrill on the question.

The ordinance giving the Street Railway freight privileges was then taken up and Mr. Utterback moved to strike out that part of the ordinance giving the company the right to haul freight to and from all manufacturing establishments on any street or alley. His motion was lost by a vote of 6 to 2. The ordinance was then passed, Messrs. Haly and Utterback voting against it.

The ordinance requiring Dan Meagher, Sr., and V. Kaltenbrun to raise the gutter in front of their property on St. Clair street was passed.

The ordinance providing for the construction of a catch-basin on Shelby street, not to exceed \$30 in cost, was passed.

The ordinance to widen Second street, in South Frankfort, from Fincel block to city school and build a wall next to river, was passed.

Ordinance providing for a retaining wall to be built from Williams corner to Burns' shop on Upper Main street, was adopted.

Ordinances of the following titles were passed:

To prevent fast driving on the streets.

To prohibit the carrying of concealed weapons.

To prevent the sale of cigarettes to any person under 18 years of age.

To prevent the interruption of church worship or schools.

To fix a penalty for shooting at or wounding any person.

To fix a penalty for petty larceny.

To fix a penalty for defacing or injuring any public property.

To prevent cruelty to animals.

To prevent the discharge of fire arms in Frankfort, and prevent the discharge of fireworks of any kind except on July 4th and Christmas.

To better secure good order in the city.

To prohibit gaming.

To establish a Board of Health for the city, and authorize said board to inspect all food sold.

Mr. Marshall presented an ordinance providing for widening Bridge street, in South Frankfort, and for condemnation of the necessary ground therefor, but it was referred back to finance committee.

Councilman Williams, who came in late, had his name recorded in favor of street railway ordinance. The council then adjourned.

Early as Usual.

Prof. T. M. Turner, who is always ahead of everyone else in raising early corn, had the first roasting ears out of his garden on Tuesday. He plants the Adams Extra Early variety and as a consequence has an extra early crop every year.

Setting Plants.

The rain of Tuesday was a great blessing to the farmers as it put the ground in good condition for setting tobacco plants, which was taken advantage of, and by Wednesday evening quite a large acreage of the weed was planted.

Sometime ago I was troubled with an attack of rheumatism. I used Chamberlain's Pain Balm and was completely cured. I have since advised many of my friends and customers to try the remedy and all speak highly of it. SIMON GOLDBAUM, San Luis Rey, Cal. For sale by PHIL CARPENTER, South Side Drugist.

The Excursion.

The Sunday-school excursion to Cincinnati on Thursday was a big thing, it requiring seven coaches to carry the crowd which went over and spent the day in the Zoological Garden. All enjoyed the day and returned home that night feeling that they had gotten more fun out of a dollar than they ever dreamed could be obtained for so small an amount. The crowd was a very pleasant one and not a single unpleasant thing happened on the trip to mar their pleasure.

Large Excursion Party.

The members of the Kentucky River Fruit Company, from Dayton, Ohio, together with their families, comprising a party of thirty-eight, came up Saturday evening on the steamer Falls City, spent several hours in the city and went on up the river, returning Sunday evening. The trip was made for the purpose of taking a look at several hundred acres of land the company bought near Gratz, in Owen county, about a year ago and set out in fruit trees, and viewing the splendid scenery on the Kentucky river. They were highly pleased with their investment, which will bring them large returns in a year or two, and enjoyed their trip on the river very much. Mr. Knox Brown, who sold the company one of his farms, retaining a large amount of stock, was with the party, and was very enthusiastic over the future of this new industry in Owen.

**WILLIAMS' LIVERY STABLE
BURNED TOGETHER
WITH ALL HIS
VEHICLES.**

**But the Horses Saved From the
Flames.**

About ten o'clock Thursday night an alarm was sent in from box No. 12, and looking in the direction of the location of the box the livery stable of Mr. H. R. Williams, on Second street, was seen to be on fire. The fire department was soon on the ground and seeing that the whole business block on the corner of Second and Bridge streets was liable to be destroyed, a second alarm was sounded. The fire was burning furiously in the north end of the stable, against which the rear ends of the drug store of Messrs. LeCompte & Co. and the grocery of Mr. N. F. Richardson abutted, but both buildings being protected by high firewalls were not in danger, so the attention of the fire boys was given to confining the fire to the stable and saving the grocery of Mr. Williams, the drug store of Mr. P. H. Carpenter and the confectionery of Mr. John Klebr, all of which were in great danger. They made a noble fight and not only kept the flames in the stable but saved a good portion of it. At one time flames were rolling out the side windows of the stable thirty feet high and only about ten feet away. In the second story of Mr. Williams' grocery there was a large tank of coal oil with only the glass of a window between it and the fire. Had the flames or a spark gotten into that window the whole block would have gone, but well directed streams of water from the roof of the grocery and the shed in front of the stable averted the danger.

The fire was a hot one, but the numerous streams of water turned on it soon had it under control, and the danger was all passed in less than an hour.

When the stable was discovered to be on fire willing hands rushed in and saved all the horses—and the place was full of them, as many country people who went on the excursion to Cincinnati had put up their horses there in the morning and did not return until after the fire was over. Only two of the animals were injured, one belonging to Mr. John Sanders, of the Bridgeport neighborhood, had the skin burned off his back, and one belonging to Mr. W. H. Mastin was burned about the hind legs. The vehicles belonging to Mr. Williams were kept in the second story of the stable and were all destroyed except two buggies and a surrey. Mr. Williams' loss is about \$6,000, with \$1,500 insur-

ance on stock and \$2,500 on the building.

The fire was occasioned by the explosion of a lantern an employee had taken into the second story on going there to get out a vehicle.

SPARKS.

Mr. John Will Johnson, who clerks for Mr. Williams, was one of the hardest workers at the fire and received two hard falls—one in the stable, where he went and saved the last two remaining horses—and the other on the roof of the grocery.

In order to reach the roof of the grocery when Fire Chief Griffin called for men to come up and help with the hose Plugman Ed Taylor climbed an iron post supporting the wooden awning over the side entrance to the building, and from the roof of the awning shinned it up a line of hose to the top of the building. If necessary after he got up there, he would have slid down the stream of water pouring from the nozzle.

In their anxiety to save the property of Mr. Phil. Carpenter, the druggist, from the flames, some of his friends rushed in, tore down his desk and rolled his fire proof safe, in which his books and valuable papers were securely locked, out on the sidewalk, while expensive and perishable goods were left on the shelves.

Mr. Tom Crutcher was assisting in getting horses out of the stable and after one had been cut loose from the stall he struck it with a whip, when the animal lashed out with its heels, striking him in the side and knocking him senseless. He was taken out into air and revived after water was thrown in his face.

Nervous Prostration.

A large manufacturer, whose affairs were very much embarrassed, and who was overworked and broken down with nervous exhaustion, went to a celebrated specialist. He was told that the only thing needed was to be relieved of care and worry, and have a change of thought. This doctor was more considerate of his patient's health than of his financial circumstances. He ought to have advised him to use Dr. Miles' Restorative Nervine, the best remedy for nervous prostration, sleeplessness, dizziness, headache, ill effects of spirits, tobacco, coffee, opium, &c. Thousands testify to cures. Books and trial bottles free at J. W. Gayle's. 5

Hints to Preserve the Hair.

There is nothing which all of us are more anxious to keep or more touchy about when lost, than a good suit of hair.

It has been said it is woman's glory, it might also be added man's weak point. To keep the hair healthy, it is necessary to keep a clean scalp, removing all dandruff, which stops up the pores of the scalp, thus preventing the oil which nature supplies from doing its duty. To do this you should use some mild antiseptic which not only cleans the scalp, but relieves itching and irritation.
